- Packaging dimensions (W x H x D): 526 x 475 x 393 mm
- Net Weight: 10.25 kg

Power
- Power supply: 110-240V

Highlights

Stream music via Bluetooth™

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even loptops. So you can enjoy your favorite music, sound from video or game wireless on this speaker easily.

Easy NFC pairing

Pair with any NFC enabled device effortlessly. Gone is complicated wireless headphone pairing. Our new NFC technology is user friendly and easy to use, with one touch pairing for any NFC enabled smart device.

MAX Sound

MAX Sound technology produces an instant boost in bass, maximizing volume performance and instantly creating the most impressive listening experience with just the touch of a button. Its sophisticated electronic circuitry calibrates existing sound and volume settings, instantly boosting bass and volume to maximum levels without distortion. The end result is a noticeable amplifying of both sound spectrum and volume and a potent audio boost that will add mileage to any music.

Audio-in

The Audio in connectivity allows direct playback of Audio in content from portable media players. Besides the benefit of enjoying your favorite music in the superior sound quality delivered by the audio system, the Audio in is also extremely convenient as all you have to do is to plug your portable MP3 player to the audio system.

Enjoy MP3 music directly

Enjoy MP3 music directly from your portable USB devices
